

New showroom in the heart of Söder

Blå Station is celebrating its 30th birthday in 2016! Through all these years we have focused on making a difference in the market, and we are still (despite our great age) driven by curiosity and passion. And we're going to be celebrating all year! We begin on 9 February at the Stockholm Furniture Fair. We will also be inaugurating our new showroom in Stockholm at Fatburen. Welcome!

FATBUREN

Blå Station will be inaugurating our new showroom in the now resurgent "Meatpacking District" in the heart of Södermalm.

During Stockholm Design Week, we open the gates to the former sausage factory, that we transformed into the city's best meeting place, together with Zero, Källemo and String. Welcome to FATBUREN, Södermalmsallén 36 in Stockholm.

Opening hours: Tuesday-Friday 10.00-17.00
